QUESTIONS 4

a) Air pollution from car emissions, industrial activities, and heating systems. ✅

b) Water pollution from agricultural runoff, industrial waste, and sewage.

c) Noise pollution caused mainly by traffic, construction, and urban areas.

QUESTIONS 5

a) Air pollution from car emissions, industrial activities, and heating systems. ✅

b) Water pollution from agricultural runoff, industrial waste, and sewage.

c) Noise pollution caused mainly by traffic, construction, and urban areas.

QUESTIONS 6

a) Air pollution from car emissions, industrial activities, and heating systems. ✅

b) Water pollution from agricultural runoff, industrial waste, and sewage.

c) Noise pollution caused mainly by traffic, construction, and urban areas.

QUESTIONS 7

a) Air pollution from car emissions, industrial activities, and heating systems. ✅

b) Water pollution from agricultural runoff, industrial waste, and sewage.

c) Noise pollution caused mainly by traffic, construction, and urban areas.

QUESTIONS 8

a) Air pollution from car emissions, industrial activities, and heating systems. ✅

b) Water pollution from agricultural runoff, industrial waste, and sewage.

c) Noise pollution caused mainly by traffic, construction, and urban areas.
